

# LAMINEX® COLOUR PALETTE

Laminex®

At Laminex®, inspiration comes in many colours, patterns, products and textures. In fact, there are over 195 spectacular décors available in the Laminex Colour Palette range. Each has the potential to warm, lighten or lift a room and can be used across a range of applications, from benchtops, doors, panels, joinery, splashbacks, feature cladding and so much more.

We believe in the performance of our products and their ability to stand up to the many challenges real life brings. That is why all products in the Laminex range are extensively tested to ensure we satisfy rigorous Australian Standards, giving you confidence that you are making a great choice both for now and the future.

All Laminex products have their own characteristics - whether you are making a decision based on durability or design we have the right product for you. As such, we have created a suite of icons summarising the qualities of each of our products so you can easily determine which product is the right choice for your project.

**Laminex® Edging** Our ABS, melamine and acrylic edging solutions ensure a seamless square edge look from every angle.

## BENCHTOP OPTIONS

High Pressure Laminate (HPL) remains a popular choice for benchtops. Thanks to advances in printing technology, you now have access to a myriad of stylish and cost effective looks to suit every style.

**Laminex Colour Palette Benchtops** incorporates our popular lowsheen natural finish. If you are looking for a high-gloss finish see the **Laminex DiamondGloss®** range, or for a realistic stone-look textured HPL option check out the **Laminex Spark** finish range.

**Laminex® Colour Palette Benchtops** Available in every design and colour from the Laminex Colour Palette.

**Laminex® Squareform® Benchtops** The look of a stone slab with the practical benefits of a laminate.

**Laminex® DiamondGloss® Surfaces** A high gloss laminate with brilliant lustre and exceptional scuff resistance.

**Laminex® I80fx™ Surfaces** An unprecedented large-scale design that captures the look of natural stone.

**Laminex® Compact Laminate** Ideal in demanding environments, providing the perfect balance of strength, durability and design.

**Laminex® Impressions™ Nuance Finish** A realistic alternative to TimberVeneer that adds dimension, light and style to woodgrains and linear patterns.

**Laminex® Impressions™ Spark Finish** A textured look that adds depth, dimension and shimmer to stone patterns and solid colours.

## DOOR AND PANEL OPTIONS

When it comes to your cabinetry, finding the perfect option has never been easier, thanks to the vast array of design options available in the **Colour Palette Doors & Panels** range. Featuring a low-sheen finish, this durable range of low-pressure melamine offers countless design options to complement the style of your choice.

Laminex is marketed and distributed by Laminex Group Pty Limited ABN 98 004 093 092, trading as Laminex. In some cases, Laminex uses computer generated imagery (CGI) to provide graphical representations of our products where actual photos are not available. The colours and finishes of the products featured within all Laminex imagery are as close to the Laminex range as CGI, photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. Laminex products are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex products should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface.
