LINCOLN SENTRY

Cabinet Accessories

More than just kitchen accessories, Lincoln Sentry's range of cabinet accessories suit a variety of applications for Kitchens, Bathrooms and Laundries. Here at Lincoln Sentry our range of products are not only of high quality, they also have purpose, design and are complementary to the overall look and feel of your home.

Romagna

Celebrating their 40th Anniversary, Romagna Plastics is a leader of built-in kitchen furniture. Their growing range of waste management options have a focus on elegance, design and functionality whilst showing uncompromising attention to detail, are simple to assemble and have long term reliability.

Lincoln Sentry is a proud partner with Romagna Plastics in promoting the new 560 Waste Management Integrated Drawer program providing a contemporary and flexible waste management solution that can be quickly and easily installed. The individual bins are supplied with their own lids to minimise odours.

The range of configurations enables you to meet your everyday demands of disposing general waste and recycling to assist in maintaining cleanliness whilst fulfilling the aesthetic look and feel of your kitchen.

KitVac

KitVac is an inbuilt cupboard ducted vacuum system that is easy to use, convenient and compact. Exclusively distributed by Lincoln Sentry in Australia, the white KitVac vacuum system offers high performance suction, and a soft-start motor allowing the activation of the unit once the dustpan kick is pushed or the expansion hose is inserted in the housing on the unit.

Agoform

Efficient and organised cutlery trays complete your functional space in the home or commercial kitchen. Agoform's Scoop II Cutlery Trays are produced from high impact polystyrene that can be used not just in the kitchen but also in areas of everyday life wherever organising cutlery, stationery and manual tools is required. Complementing the Scoop II Cutlery Trays are the Slot-in Divider Sets to work with your individual requirements.

Finista

Finish your next project with style by integrating the new Finista range of products from Lincoln Sentry. Finista is a range of stylish solutions for the kitchen, bathroom, wardrobe, laundry and office. This new range of Finista products have been sourced from all over the globe and will allow you to offer your customers a selection of products that will "finish with style" your next project.

Echelon

The Echelon wine rack is a unique S-shaped module made from aluminium extrusion coated with a natural satin anodising that slides and snaps together to form the cavity of one bottle and top for the next bottle. The system is very space efficient with a capacity of over 90 bottles per square metre.

SERVO-DRIVE uno Kit   © Blum

SERVO-DRIVE uno
Your single touch waste pull out solution

Combine the Romagna 560 Waste Management with the automated Blum SERVO-DRIVE uno to provide the ultimate European waste combination.

- Suitable for 300 - 600 carcass width
- Fast and simple assembly
- Special feature to stop accidental opening
- Works with base-mounted and top-mounted waste systems
- Drip protection over drive unit
- Opens the pull out securely and easily
- Completely free-moving and can be stopped in any position
- Regardless of force, the pull out bin will close silently and effortlessly
- SERVO-DRIVE uno can be opened manually in the case of a power outage
- Standby power consumption is very minimal (3.5kWh per year)
